Dr. Mohammad Daoud (PhD) Microsoft Certified Azure Data Scientist and AI Engineer & AWS

daoudimca@gmail.com https://www.linkedin.com/in/dr-mohammad-daoud-96a61469/
+966-500784207

OBJECTIVE: Seeking a responsible position where I can utilize my **PhD in Data Science** knowledge**,** acquired skills and field experiences towards continuous growth and advancement of the Society and Share my Knowledge with intent to organizational development and enablement.

Certification:

- **Microsoft Certified Azure Data Scientist, Artificial Intelligence Engineer and Azure Fundamentals**
- **Certified in Deep Learning deeplearning.ai from Coursera** (**Andrew Ng**) **5 courses**.
- **Incorta Certified**
- **Certified in Intel AI Academy, Incorta and SAS Training.**

AWS Certified Cloud Practitioner – **AWS Certified**	**AWS**
Microsoft Certified Azure Data Scientist – **Microsoft DP100**	**Microsoft**
Microsoft Certified: Azure Artificial Intelligence Engineer – **Microsoft AI 102**	**Microsoft**
Azure Fundamentals – **Microsoft AZ 900**	**Microsoft**
watsonx.ai	**IBM**
watsonx.data	**IBM**
Google Analytics	**Google**
Yellow belt	**SIX Sigma**
Analyst Certification - **Contentsquare**	**Contentsquare**
Convolutional Neural Networks - **deeplearning.ai**	**Coursera**
Improving Deep Neural Networks: Hyperparameter tuning, Regularization and Optimization - **deeplearning.ai**	**Coursera**
Neural Networks and Deep Learning - **deeplearning.ai**	**Coursera**
Structuring Machine Learning Projects - **deeplearning.ai**	**Coursera**
Sequence Models - **deeplearning.ai**	**Coursera**
AI From the Data Center to the Edge - An Optimized Path Using Intel® Architecture	**Intel AI Academy**
Incorta 4 Essentials for Business Users and Analysts	**Incorta**
Incorta 5 Fundamentals for Administrators	**Incorta**
Data Science Foundations - Level 1	**IBM**
Hadoop Programming - Level 1	**IBM**
SAS Programming 2: Data Manipulation Techniques	**SAS (Training)**
SAS Programming 1: Essentials	**SAS (Training)**
SAS Programming 3: Advanced Techniques	**SAS (Training)**

Technical Proficiency: Expertise (Data Scientist)

- Deep Learning, Machine Learning, OCR, Computer Vision, Recommendation system, Chat bot
- Generative AI - Langchang, LLAma2,RAG , Hugging Face, ollama
- EDA, Data Analytics, Feature Engineering, Important Feature Selection, NLP, NLU
- Chatbot, PyCharm, Zeppelin notebook, Jupyter notebook, Weka, RStudio, Apache JMeter, AWS
- Python, pyspark, Pandas, R, Flask Rest API, MySQL, HTML/CSS, bootstrap, matplotlib, Plotly, Dash
- Microsoft Azure Cloud, Microsoft Azure Machine Learning, IBM Watson, SAS, Incorta, ETL, Data Bricks
- Bigdata – Hive, NIFI, Hadoop HDFS, Kafka, Airflow, Single StoreDB
- Reporting and AI Tools - Alteryx, Tableau, Power BI, Dataiku

public access

Work Summary:

Company Name	Duration	Designation
Solutions by stc	17 Feb 2020 – Till Date	Data Scientist
Wipro	17 Jan 2019 – 10 Feb 2020	Associate Consultant
Accenture	15 May 2017 – 15 Jan 2019	Tech Architecture Delivery Team Lead
Monster India	19 Sept 2016 – 2017 May	Senior Software Engineer
Claym Media & Tech Pvt Ltd	17 Aug 2015 – 13 Sept 2016	Data Scientist
Indian Institute of Technology Delhi	Feb 2009-13 Aug 2015	Research Associate

Organization	STC Solutions
Projects	• Forecasting the Hotels/ apartment & ADR occupied inside KSA - Ministry of Tourism (MOT) • Geospatial Data Analysis Data Quality using AI/ ML – MOT • Scrap the from Google Map using apify.com - MOT • Generating labels for Text (Arabic and English)- IMO Ministry • Chatbot using rasa framework – IMO • RAG LLM model , Data Q&A, Summery, Sentiment Analysis - IMO • Extract the information from Images and Pdf - Computer Vision, OCR and NLP – AI / ML and OCR - STC • Incident Management Use Case – Data Science – EDA, AI / ML - STC • Work Order Management Use Case -- EDA, ML and AI - STC • User Pattern identification in IVR System – EDA, AI / ML - STC • Catalyst Project 2020 - Digital BPM for faster network infrastructure deployment – AI / ML - STC
Organization	**Wipro Digital AI capability**
Projects	**Machine Learning, Deep Learning, NLP, NLU and Analytics** • Social inferencing – AI / ML • Anomaly detection – AI / ML • Sentiment Analysis – AI / ML
Organization	**Accenture**
Projects	**Computer Vision, Deep Learning and Optical character recognition (OCR), NLP** Image Classification and extract the text from Images – AI / ML Catboat for home and Car damage – AI / ML Churn, Winback and High value bundles - Customer EDA Analysis, Segmentation & Prediction – EDA, AI / ML

Organization	Monster India.
Projects	Implement the job Recommendation system with Collaborative Filtering and Cosine Similarity using Python – EDA, AI / ML Implement the Similarity model which identify similar type of user who have most common skills – EDA, AI / ML Implement the model which used to identify the most frequent skills that used together – EDA, AI / ML
Organization	**Claym Media & Tech Pvt Ltd.**
Projects	Working as a data scientist to develop a model on predictive analysis to determine the behaviour of a user towards advertisement appear in mobiles – EDA, AI / ML Classification for predictive analysis was done by using the user agent string generated when a user clicks on an advertisement on his/her mobile – EDA and ML Sentiments analysis was done to find the performance of mobile apps Research on Mobile apps digital marketing – EDA, AI / ML
Organization	**Indian Institute of Technology (IIT) Delhi**
Projects	Work on recommendation system and publish research paper on recommendation system – EDA, AI / ML, Recommendation System Invented the new Recommendation system architecture – EDA, AI / ML, Recommendation System Develop the new data mining algorithm for handling the new user and new item problem in ecommerce Recommendation system Data gathering, cleaning, validation, quality, exploratory data analysis

---

Academic Qualifications:

- **Doctor of Philosophy (Computer Science)** Ph.D-2016 . Enrollment Number: - 2011050168.
  RESEARCH TOPIC: *"Mining user generated content for development of Recommendation system".*
- **M.Sc.Tech** in **Industrial Mathematics with Computer Application** (Three years professional course) - 2008 from Jamia Millia Islamia (Central University)- first Rank university New Delhi, India
- **B.Sc** from C.C.S. University in 2005

Publications:

- Daoud, M., Ahmad, A.,& Jha, A. N (2015).Recommender System based on Learner Knowledge and Opining using Data Mining Techniques in Synchronous E-Learning Environment. International Journal of Computer Applications (0975 – 8887).Volume 116 – No. 14, April 2015.

Social Activity:

- Provide the free Data Science Artificial Intelligence / Machine Learning, Exploratory Data Analysis training on You Tube.
  You Tube Channel (Data Science Hub)- https://www.youtube.com/channel/UCCA87ppLnH16AiwjtnibWHw
- Career guidance and counselling for students

Languages known:

- Hindi (Fluent), English (Fluent), Urdu(Average)

Personal Profile:

- **Date of Birth**: - 28th February 1986
- **Nationality: -** Indian
- **Gender:** - Male
- **Marital Status:** - Married
